SCULPTURE EXHIBITION

Mr. J. Otto Schweizer
2215 West Venango Street
Philadelphia, Pa.

Dear Sir:

Your favour of March 12th at hand.
We have received all your photographs, and
our records show that these photographs
were passed by the Jury. We were under the
impression that your communications had been
acknowledged by the Sculpture Exhibition but now
find that acknowledgments have not been made
in every case.

We are planning for your case of
medals, and will expect them any time after
March 25th. I am glad to have the measure-
ments as we can reserve the amount of space
required.

Very truly yours,

of the Medal Committee
